THE STORY

| *When the lights come on, let me be the last to know.*

SONG STRUCTURE

Until the Lights Come On

VERSE

You used to call when you got home.
I used to wait until you did.
Now you're a name that lights my phone,
And I don't know what time it is.

PRE-CHORUS

But here you are, against my chest.
I feel your breath before you speak.
Let's leave tomorrow where it is.
Tonight, there's nothing we must fix.

CHORUS

Stay until the lights come on.
Stay until the fear is gone.
We don't have to last forever.
We still have this night together.

VERSE

You trace the seam along my sleeve,
That little thing you used to do.
I spent so long learning to leave.
Tonight, I make some room for you.

PRE-CHORUS

Don't say we're starting over now.
Don't promise what you cannot give.
Just let me feel you breathing out.
There's still a little night to live.

CHORUS

Stay until the lights come on.
Stay until the fear is gone.
We don't have to last forever.
We still have this night together.

BREAK

CHORUS

Stay until the lights come on.
Stay until the fear is gone.
We don't have to last forever.
We still have this night together.

OUTRO

When the lights come on,
Let me be the last to know.
