THE DEFINING ALBUM OF DJ ANDY'K

EUPHORIA NEEDS NO STORY

Euphoria Needs No Story replaces the withdrawn album Music Is Your Passion, which no longer represented the artistic direction and quality standard of DJ Andy'K. This new ten-track trance album marks a new chapter — and becomes the defining album of his musical journey. A new era begins.

FOUR VOICES. ONE CONTINUOUS JOURNEY.

Euphoria Needs No Story moves through rebirth, memory, silence, distance and temporary immortality before arriving at pure euphoria — without needing one final explanation.

WRITTEN, PRODUCED & CREATED BY DJ ANDY'K

FEATURING: MATTEW BREXON, JULLIAN RECHERR, ROBERT ZIGLLER & THYMOTY LORRENS

TRACK 01

BREATHE ME BACK TO LIFE

feat. Matthew Brexon

A breath becomes the dividing line between fading away and returning. The opening track turns vulnerability into motion: one spark, one heartbeat, and the will to remain.

TRACK 02

ALIVE IN THE AFTERGLOW

feat. Jullian Recherr

Survival is not shown as an escape, but as light remaining inside every scar. The afterglow becomes proof that the darkness did not win.

TRACK 03

EVEN SILENCE SOUNDS LIKE YOU

feat. Robert Zigler

An empty room keeps speaking through objects, memory and echo. Even without a voice, silence carries the shape of someone who remains present.

TRACK 04

AFTER YOU LEFT

feat. Robert Zigler

Departure becomes the impossible place where two people finally meet. Timing is cruel, but the space left behind reveals what was always real.

TRACK 05

TEMPORARY IMMORTALS

feat. Thymoty Lorrens

Forever is not required for something to matter. Two people
burn brightly inside borrowed time, knowing that what ends
can still leave a permanent mark.

TRACK 06

THE DISTANCE LEARNED TO DANCE

feat. Thymoty Lorrens

Distance does not disappear; it changes rhythm. Fear loses time, two tired hearts find the same pulse, and the space between them begins to dance.

TRACK 07

WE WERE FUTURE ONCE

feat. Robert Zigler

Youth once felt like a guaranteed destination. The future faded, but its pulse remains alive in the people who carried it together.

TRACK 08

INVISIBLE NORTH

feat. Matthew Brexon

No map, no signal, no reason that can be explained out loud
— only a pull that keeps proving itself right. Direction survives
even when every visible marker disappears.

TRACK 09

I KEPT THE STORM

feat. Jullian Recherr

Your shadow still lingers in the hallway, knowing my name
too well — so I took the broken pieces and built a ring of hell
instead of a grave.

TRACK 10

EUPHORIA NEEDS NO STORY

feat. Matthew Brexon

No reason, no warning, no memory, no future — nothing has to happen first. Just pulse beneath the surface, only frequency, and I have never felt more alive.
